

End of Life Care

By completing this course, you will be able to:

- Identify the definitions and stages of End of Life care.
- To be able to recognise the changes, signs and symptoms that you may observe when delivering End of Life care.
- Discuss skills to manage difficult questions and situations.
- Be aware of the final stages of dying and identify the resources available to access support.

(We are working in partnership with the Grimsby Institute to support existing staff with development; they offer a wide range of short courses along with Diplomas in Health & Social care.)

Certificate awarded upon completion of induction. T&C's Apply.
